Introduction to Web Development

Time to Surf

Task 1 – Planning Document

The Website:
“WE PRINT ON EVERYTHING”

Matthew Grima 5.2B

Part 1:
Project Idea

Part 1: Project Idea

1. Purpose of the Website

- The website being created is an online one-stop shop specialised in printing on different materials especially on textile and ceramics.
- The customer is offered an online selection of materials to choose from and on which they can then request the printing service.
- The selection of materials will be as below:
  - T-shirts
  - Hoodies
  - Bags
  - Hats
  - Other materials including ceramics

Part 1: Project Idea

2. List of pages on the website

- Page 1: Homepage
- Page 2: “About” page
- Page 3: “Product” page
- Link page from Page 3 named “Top 3” page
- Page 4: “Contact Us” page

Details on the functionality of the pages listed are better described in the pages to follow:

Homepage

- The homepage will give a preview on what the company does and tries to achieve.
- This page will be created to introduce the user to the business and how it functions.

Second page

- The second page will be the “About” page.
- It will showcase the company’s history and background.
- The most important feature will be to serve the purpose of being much like the “Welcome” page but delivering information about the company and the success stories since its inception.

Third page

- This will be the page that shows the company's products.
- The products include:
  - Mugs
  - T-shirts
  - Bags
  - Etc

- The product's price will also be shown.
- There will also be another option as a link to view the "Top 3 products of the month".

Link to “Top 3” page

- This page can be accessed from the third page.
- The link page will show 3 of the most purchased items from the shop.
- An update will happen each month with the new products changing places according to sales/popularity.

Fourth page

- The fourth page will be the “Contact Us” page.
- Here the user will have access to contact the company when they have any sort of issue.
- The contacts facility will mainly be through Gmail and the company’s mobile number.

Part 2:
Target Audience

Persona 1: Mario Gauci

- 54 years old male leader of a group that makes parade floats for the Maltese Carnival.
- He normally orders from Temu but is very disappointed with the length of time to receive his purchases.
- He now prefers to order from a local company offering faster delivery with competitive prices.
- He wishes to order t-shirts that help promote the parade float they made for next year. The t-shirt will have a graphic design created by his team as he cannot reveal the secret theme due to competition.
- He prefers a website which is reliable, flexible, easy to use and professional.

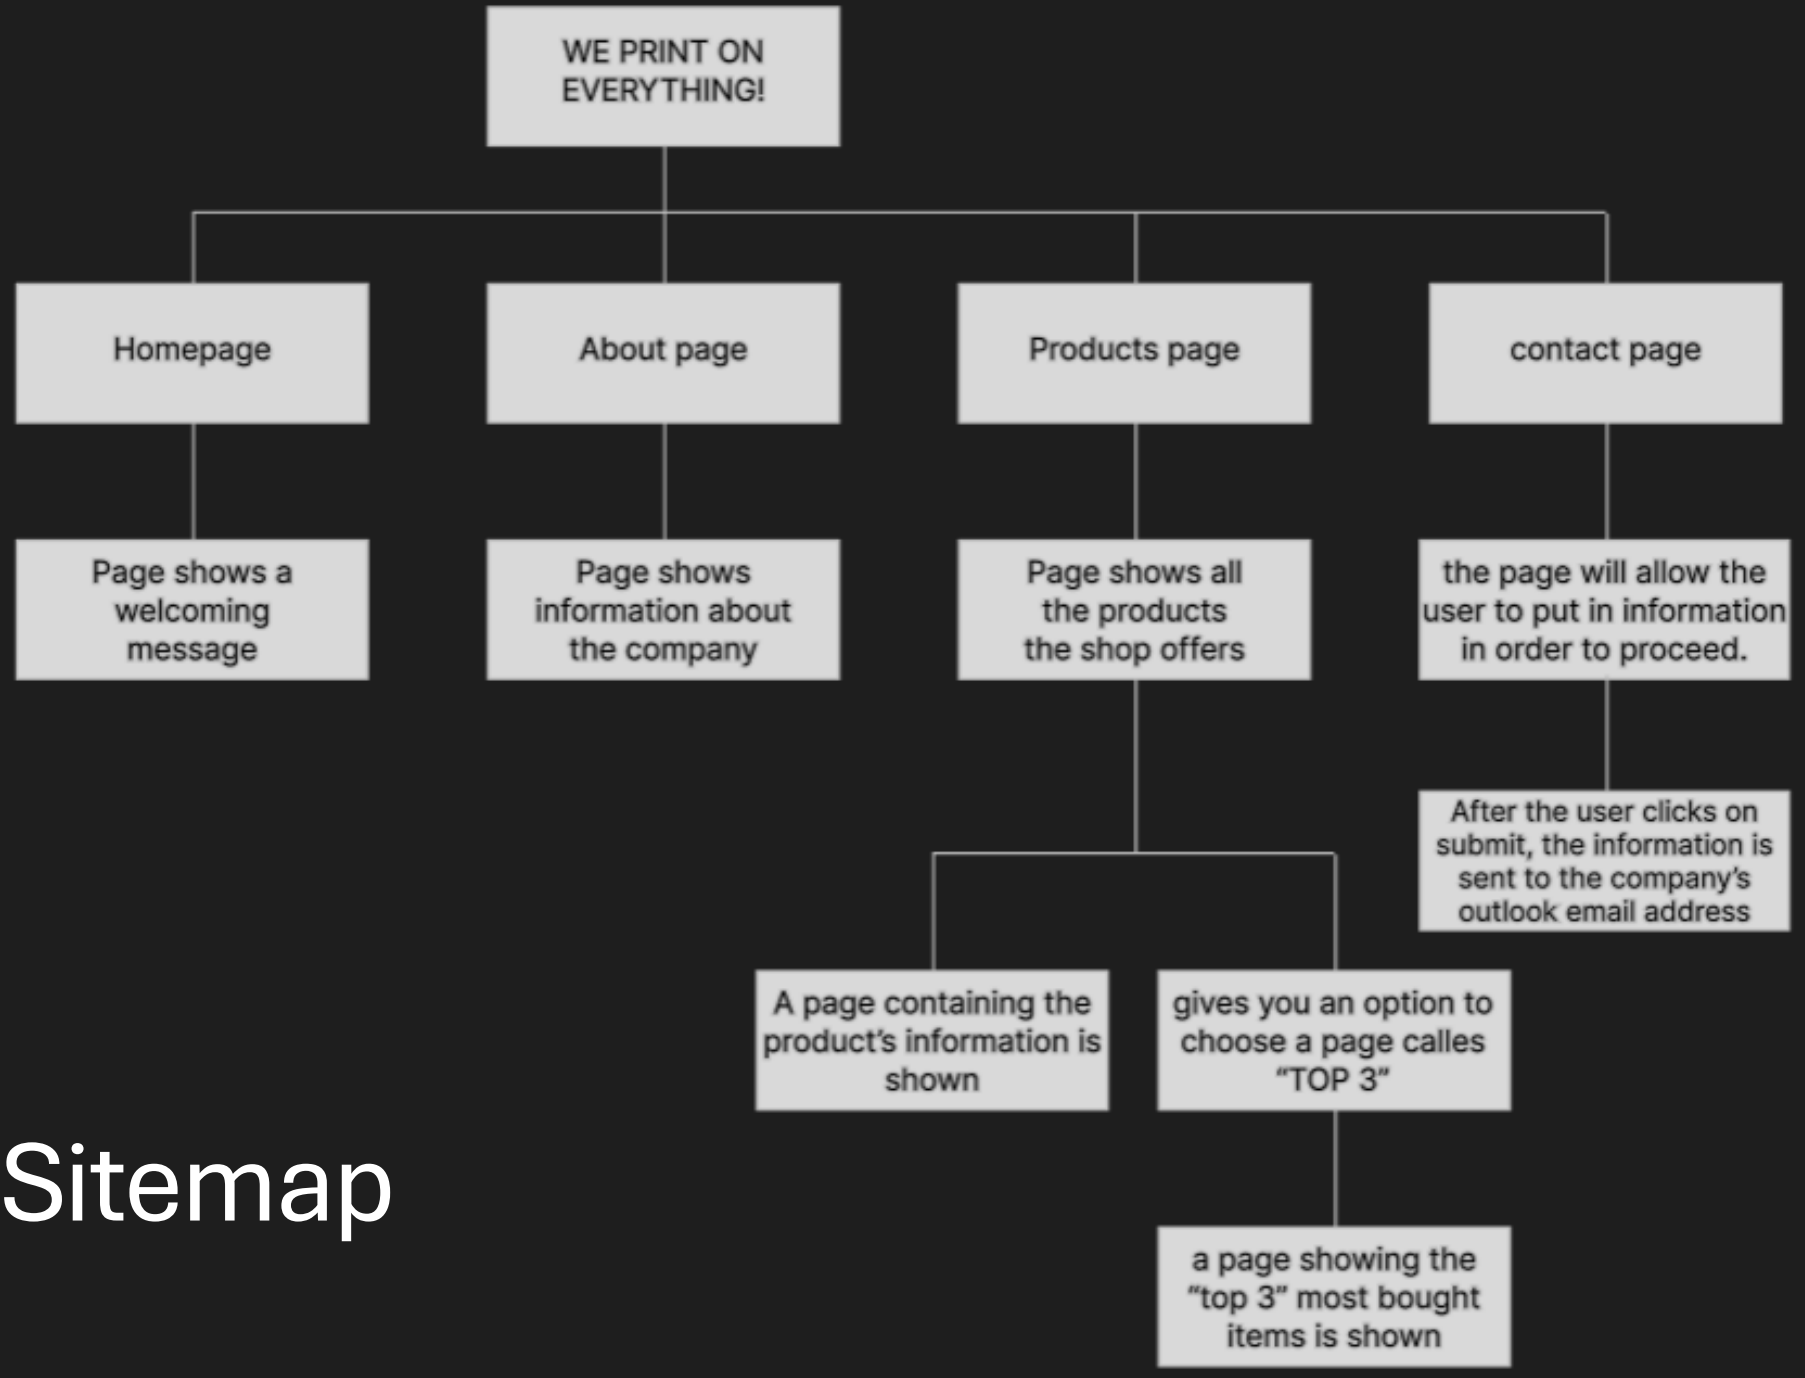
Persona 2: Adele Mifsud

- Ms. Mifsud is a 30 year old nurse working at a hospital and wants a special gift for her mother on mother's day.
- She wishes to order a mug with a photo of her mother and with a personalised message.
- She will prefer a company with a website that is user friendly and offers a range of items with the customer participating in the final product.
- The local website that she used to shop from did not give her flexibility when ordering her personalised gifts.

Persona 3: Martina Portelli

- Ms. Portelli is a 19 year old student and an activist against animal cruelty.
- She campaigns against use of fur and real leather on goods.
- As a PRO she intends to order t-shirts and other merch that helps to promote this activist group.
- She will not buy from companies that make use of products of animal nature.
- She prefers a hassle-free service and will choose to buy the most popular products the company provides.
- Other websites are full of ads not relevant for her interest.

Part 3:
Design Planning



WE PRINT ON EVERYTHING!
Homepage
About page
Products page
contact page
Page shows a welcoming message
Page shows information about the company
Page shows all the products the shop offers
